## 7 Qualities of a Collaborative Culture™

Training | Consultation

Given the interdependency and complexity of workplace environment, it's no longer enough to just focus on improving the customer experience. Building a collaborative culture is the only way to become and sustain a cohesive environment. There are many moving parts to such a dynamic, constantly changing culture. This organization-wide process makes a significant impact on customer satisfaction, employee engagement, leadership effectiveness and accountability. All of which improves not only employee retention, customer loyalty and the bottom line, but fuels a powerful competitive advantage in today's marketplace.

### Objectives

This dynamic annual improvement process is designed to educate and equip organizations to develop or enhance a collaborative culture of excellence in which:

- Leaders have a clear understanding of the organization's strategic focus.
- Employees are actively involved and committed to the success of the organization.
- Departments/teams are cohesive, efficient, synergistic and aligned.
